At Magellan, we will continue to educate our providers with updated MA Bulletins, regulations and other pertinent information in order to ensure Compliance. Although providers are ultimately responsible for knowing and complying with all applicable regulations, we proactively engage providers on an ongoing basis to make sure they are aware of compliance related requirements and expectations. Medicaid Program Integrity is truly a collaborative effort between our providers, county customers, Magellan, BPI and other oversight agencies. The monthly e-mail blast topics are generated from audit results and trends; however, are also

sent in response to recent Magellan policy updates; newly released or relevant MA Bulletins and Policy Clarifications; or Regulation changes. The intention is to afford our providers with as many resources as possible to combat FWA and reduce overpayments.

Thank you for your ongoing hard work and dedication to our members!
