

Magellan Compliance Notebook

February, 2014

Magellan Behavioral Health of Pennsylvania, Inc. (Magellan) strives on being proactive and using education as a preventative tool to provide our members the highest quality of care through you, the provider.

The Quality Improvement and Compliance Departments at Magellan have committed to sending monthly e-mails to targeted providers on a Compliance related subject.

Remaining well informed of new bulletins, changes in regulations, and other compliance-related communication from DPW is a critical component of an agency's compliance oversight. Therefore, we'd like to remind providers of the option to be added to the state's listserv for release of new MA bulletins. By following the below link, individuals may join or leave the list (or change settings). You may also search the archives dating back to 2011.

We hope all providers will take advantage of this opportunity to join the state's listserv.

At Magellan, we will continue to educate our providers with updated MA Bulletins, Regulations and other pertinent information in order to ensure Compliance. Our members are our utmost priority and together, we can provide quality services through education, knowledge, and being a proactive advocate for our member population.

Thank you for your ongoing hard work and dedication to our members!
