

# Magellan's Pennsylvania Team Volunteer at Food and Social Services Organizations for Annual Cares Month in October

In October, Magellan Health employees continued the annual tradition of coordinating many community-focused activities nationally through Magellan Cares Month. In Pennsylvania, the Magellan Behavioral Health of Pennsylvania team chose to volunteer at five food and/or social services organizations. Despite an ongoing pandemic, staff demonstrated Magellan's caring spirit and its commitment to the local communities.

The five volunteer opportunities were chosen due to the increase of food insecurity that has become far too prevalent through the pandemic. As temperatures decreased in the fall and the holidays were approaching, Magellan wanted to offer its helping hands to the efforts of feeding the most vulnerable amongst us. We encourage our provider network and community stakeholders to consider similar opportunities with the food and/or social organizations listed below or other organizations performing important work in the community.

## Second Harvest Food Bank, Nazareth, PA

- **About:** On October 19, a morning team of volunteers and an afternoon team of volunteers from Magellan sorted food and drink donations inside the Second Harvest warehouse.
