

Community HealthChoices is coming to Lehigh and Northampton counties in January, 2020

Community HealthChoices (CHC) is Pennsylvania's Medical Assistance managed care program that includes physical health benefits and long-term services and supports (LTSS). The Office of Long-Term Living (OLTL) in the Department of Human Services oversees the physical health benefits and LTSS of Community HealthChoices. Those services are provided through the Community HealthChoices Managed Care Organizations (MCOs).

CHC serves individuals who also have Medicare coverage, and disabled adults age 21 and over.

In January, 2020, Lehigh County and Northampton County are scheduled for Phase Three of the statewide implementation and Magellan staff are working closely with state and local officials to implement this new service in each of these counties.
