## Teen Talk Line

Provided by Access Services. This is a warm line where teens can speak or text anonymously with a peer about any issues or problems they are facing without fear of judgement. The talk/text lines are available seven days a week from 1:00 PM – 9:00 PM. The line is closely tied to the Montgomery County Mobile Crisis Program and is a supplement to that service. This also allows any true crisis calls to be immediately transferred to a crisis worker.
